

**' Karenites make steps
towards a greener
tomorrow'**

A day dedicated to St. Catherine of Siena is celebrated every year on 29th of April in our St. Karen's family. St. Catherine spent her whole life in serving those in need, served as a nurse in homes and hospitals and looked out for the destitute.

This year we had a virtual celebration with our students. They were assigned a task to craft a Lily, a symbol of purity. They also recited slogans, praying for pandemic relief. They came up with different slogans and prayers, in which they prayed for the goodness of entire world.

"Be who God meant you to be and you will set the world on fire"

~ St. Catherine of Siena

EARTH DAY

Earth is essential to our wellbeing. It's designed to provide everything we need to maintain the balance and harmony in our lives. It's where we interact with each other, and get our resources from. Unfortunately, since the planet offers so many benefits to us, we tend to abuse it and that's one of the reasons why it's experiencing a lot of negative changes. Covid 19 is one of the examples of it.

This year we celebrated Earth Day virtually on 22nd April, and our children made beautiful posters, written slogans and took pledge to save our mother planet and environment, make it green and a better place to live in for the entire human race.

Go green and make our Earth a beautiful place to live. Happy Earth Day!

Don't wait for others to save the earth, it starts right from you!

MOTHER'S DAY

It is truly said that "God can't be everywhere all the time to help us. So, he created MOTHERS".

The students of St. Karen's Montessori School celebrate "Mother's Day" every year to pay tribute to all mothers for their unconditional love, support and care towards their children.

This year our students poured their heart out by making beautiful paper handmade trophies and presented them to their mothers by either singing a song or by saying a short message with the trophies.

In every trophy there was a hidden prayer of the children for their mothers to keep them healthy and safe. The day May 9th, 2021 was certainly a memorable day for the teachers, mothers and the students as the whole celebration was done during the virtual class and everyone witnessed the Divine bond between mothers and their children.

"There is no role in life that is more essential than that of motherhood."
—Elder M. Russell Ballard

"Motherhood: All love begins and ends there."
- Robert Browning

*Thank
you*
