ST. KAREN'S MONTESSORI SCHOOL'S NEWS LETTER

Issue-3 (2010)

As another year comes to a close, like the curtain being drawn at the end of a lovely evening of entertainment- This year's **FOOTPRINTS** too, brings to mind all the memorable moments of the lovely year that has passed us by.

Our teachers like magicians have been juggling academics and activities, curricular and extra curricular, all the time magically transforming their dear students' minds and bodies into new, changed, colourful butterflies, breaking out of their cocoon of inhibitions and insecurities so that now they are ready to flit off to another flower, with the promise of more adventures, in the new year ahead.

Yes, my dear students and parents, it is the teachers of this school who have nurtured the talents you see exhibited in the pages of this newsletter. ## Rakhi Making Competition

Its a pleasant surprise for me that I got a chance in my life to make a rakhi for our soldiers. It was possible only because of our school and The Dainik Jagran news paper.

-Arya Srivastava (IV 'B')

Hello friends ! I am Abhishek from IV 'D'. I feel very proud that my hand made rakhi will be sent to the Indian soldiers. My father said that you are lucky son that you gave your rakhi to soldiers. Jai Hind !

Some of my friends made rakhis with cotton, silk thread, stars etc. but I made it with coloured wool and also used some red thread in it.

-Sudhanshu Sumya (IV 'B')

Once again the students of S.K.M.S. had congregated to celebrate yet another year of our proud sovereignty, to look back at our country's golden past and to solemnly decide what to do for our brave soldiers who protect our country and put smiles on our faces. So "The Dainik Jagran" newspaper team came to our school campus and gave us an opportunity to make rakhis for our soldiers.

-Ayesha Perween (III 'A')

A rakhi contest was held in our school. It made me feel proud that I had made a rakhi for our soldiers. I made a very special rakhi for them. It was not selected but still I feel happy.

## Toy of the Giving Week

We all consider ourselves to be part of Mankind... yes, we are part of man, but how kind are we ? This was proved by the students of our school. The 'Joy of Giving Week' was held in the month of November. Each and every class contributed many things for the poor children like books, copies, pencils, pens, toys etc. Everyone knows that the giving of love and mercy to other is also a form of Charity. This token of love made the children feel that they are also loved by somebody. Our school children had the feeling of giving to them because they think that to "fulfill God's desires is to fulfill your own".

## One Nation Reading Together

Every year our school celebrates the activity called 'ONE NATION READING TOGETHER' on the 27th of November on the dot of 12 noon. The whole school reads a pledge, vowing 'to read more'. This year the pledge was in the form of a beautiful poem written by GULZAR which you can read below. After that the students take part in some activity based on reading. This year they read two interesting stories about 'How a Giraffe got its long neck' and 'How a Zebra got its stripes'. After reading they had to exhibit their creativity and imagination by drawing a funny house for a Giraffe and some animals like the Zebra who have stripes or spots. Here are some of their responses.

## BLIND WELFARE WEEK

### 42ND Blind Welfare Week Collection

It is a great pride for me to get an opportunity for placing before you the annual report of 42nd Blind Welfare Week collection in our school, St. Karan's Montessori School with a remarkable amount of Rs 55,000. As you may be knowing, the All India Blind Welfare Week since 1967 is being observed every year to awaken the consciousness of the people about blindness and to motivate people for rendering welfare service towards the blind irrespective of any cast and creed. Following the above guideline our students have proved themselves by collecting funds whole heartedly for the sightless - 3, thus, convey my heartfelt gratitude to our students and parents for their co-operation in taking active part in this very noble cause. Lastly I thus conclude with these very words:

"Kind hearts are the garden, kind thoughts are the roots, kind words are the blossoms and kind deed are the fruits!"

→ Nandini Sen  
Class - Teacher III 'C'

We sisters are very happy because we helped the blind people by participating in "ALL INDIA BLIND WELFARE WEEK" in which we also received prizes for our collection.

### BLINDNESS

Blindness is a disease. Many take it as a curse for dumb beings. Don't suffer from this disease by birth and some people become blind because of deficiency of Vitamin 'A' and some other causes. Nowadays many children are suffering from this disease. Today television is one of the main reasons that children don't have night. We eat food which is not a complete diet. A complete diet should be around 1000 calories. Few Indians get 1500 calories in their diet. Many doctors and specialists of our country provide this service to people who suffer from this disease. In many cases it is curable.

## MY DRAWING

Hello!

I am Amritanshu of Class "4, F". I would like to share my first experience with all of you which was held in my school few months ago. I also participated in this event and was very excited about it as it was my first attempt to such kind of event. I practiced some sketches hoping it might be the topic. I got some new pencil sketches and some drawing tips from my sister. Next morning when I reached the school I felt very nervous but my teacher encouraged me when she saw the drawings and I felt relaxed. Then the time came for which we were all waiting. We got the topic "a funny house for a giraffe". I thought for a while and my mind explored the world of animals and then I designed a beautiful house. Now from where would the giraffe eat ??? So I made a pole from which his food was hanging. Now my drawing was complete and when I showed it to my friends they exclaimed with surprise. I was happy. The next day when I came to know that my drawing was selected. My joys knew no bounds. I was very happy.

Amritanshu (IV 'F')

collected Rs. 700 for blind welfare. My parents helped me to collect this amount. I was very happy to deposit this amount in the school. Swarnit Kr. (U.K.G.)

Becoming a part of "Blind Welfare Week" collection, I had collected some charity for the blind to improve their colorless life. I am very glad that I got an opportunity to contribute for this noble cause. I also got a certificate for which I am thankful to the foundation and my school. I think it is a source to maintain humanity. Divya Upadhyay (III 'B')

SIGHT FOR ALL

I am always eager to help those people who are helpless and who cannot help themselves. So, this year when I got a chance to do something I gave my best and collected Rs. 160. It has been possible with my parents co-operation. I also got a prize in appreciation and I am very happy. Harsh Kumar Ambasta (IV 'B')

## THOUGHTS ABOUT

WELCOME TO OUR  
**Scholastic Book Fair**  
at your school.

This is a pleasure for me that our School organised a book fair for our improvement.  
Pranav Pratap (IV 'D')

Books brushed up my skills and have boosted my confidence in a jiffy. The Book fair is very good for us.  
Prankt, Krishan Mohan (IV 'D')

BOOK FAIRS are the FAIRS OF KNOWLEDGE so I love book fairs in our school. I became very happy when I heard about the Scholastic Book Fair.  
Pallavi Sinha (IV 'C')

I Minshu Raj of III 'A' am very glad to say that every year my school organizes the book fair. I was waiting for the day to come. Thanks a lot Scholastic Pvt. Ltd. & My Principal.

Books have become a part of our life. So Book Fair is very good for us. They give us many ideas and knowledge.  
Deepthi Sinha (IV 'F')

Himanshu Ranjan (III 'C')

It was great to walk around and see the variety of books. I thank 'SCHOLASTIC' and my school for organizing such events.  
Anchal (II 'D')

## WORD SEARCH COMPETITION

It was a moment of sheer delight and ecstasy for me when I won my favourite Ben-10 jigsaw puzzle in a crossword puzzle contest conducted during a Scholastic Book Fair. I almost jumped when I received the prize and my parents were proud of me. Thank you, Scholastic.

I got the first prize in the Word Search Competition which was held suddenly in my school by our school for the Scholastic book company. In this competition one had to find 21 words in a puzzle I was the only one who solved these puzzles in only five minutes and won "Brain Teasers" book as a prize which is really a brain tonic for me.

Sudhanshu Saumya (IV 'B')

## SCHOLASTIC BOOK FAIR

The book fair was designed to be a veritable feast for any bibliophile. Designed to keep the inquisitive minds of SKMS abreast with important issues and to inculcate in everyone the habit of reading, our school had organised a book fair. It is rightly said that happy is the man who acquires the habit of reading when he is young. Ruskin Bond calls books - "King's Treasures" - treasures filled, not with gold and silver and precious stones, but with riches much more valuable than these - knowledge, noble thoughts and high ideas.

This book fair was indeed a spectacle to watch. "All for books and books for all" - it was like that. Every stall was impressive. I bought some books, which appealed to me. I walked home with the feeling of Francis Bacon's memorable words: "Reading maketh a full man, conferece a ready man and writing an exact man. I wish Scholastic Pvt. Ltd. and SKMS hosts such book fairs twice a year so that we can be stimulated to read more and more books and broaden our visions.

## ASSET SEMINAR

As a Librarian and the Asset Co-ordinator, I represented my school for the Asset seminar at Maurya Hotel. It was organized by the people of Asset (Educational Initiatives Pvt. Ltd.). Many of the schools were invited to attend the seminar.

We were informed how the test aims to test the concepts the child is familiar with and through the result analysis, gives them a clear concept in the subjects being tested.

The Asset test is not to win prizes. It is a "DIAGNOSTIC TEST". The main aim of this test is to find out the strengths and weaknesses of the students and then to inform and motivate the teachers and Parents to deal with such misconceptions by the students in a clearer manner.

I would like to advise parents to motivate and prepare their children for such kinds of tests for their bright future.

Sunita Kumari

I participated in the Asset Exam held in our school last year. The paper was full of fun questions which were very hard to understand. We got 45 minutes for 50 questions. But I took a deep breath and tried my best to solve the questions. It is a good experience and I really enjoyed it. It is good for the improvement of students.

Durgeshwar (IV 'C')

Hello I am Riya Dharti. I appeared for the first time in Asset test so I was not able to understand all the questions. My preparation was not good but next time I will prepare myself before the Exam.

Riya Dharti (IV 'D')

It is really an "Asset" for us and it helps us in improving the weak areas identified by it.

Vijaya (III 'A')

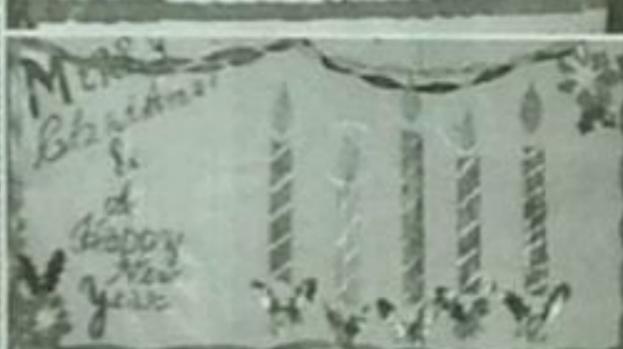

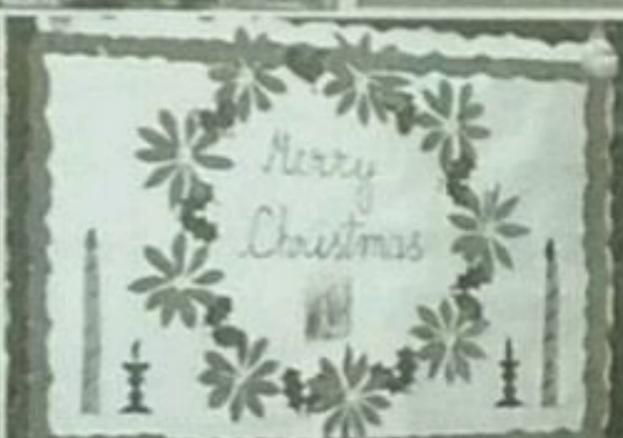

Asset is a test in which no practice is needed. It is only a test to check our learning strengths and weaknesses. It helps us improve learning. I participated in it to check my talent. A few days before the exam we were given practice sample sheet to understand how to do it. I enjoyed doing the test and am waiting for another Asset to come.

Minshu Raj (III 'A')

On the day of the Asset Test, I was very excited and a little nervous also, my teacher told us that it is important for every child and parent to understand the purpose of this test.

## End of a thriller

19 December 2009 was a very important day for me because I had to be a part of the great show. I felt like a princess in my off-white gown. Saima and I sang the rendering song (Gone Too soon) taught by Satyajit Sir, Pappys Miss and Sharon Ma'am. Thankyou very much respected teachers for giving us your valuable time. I was also a part of an exciting dance number titled a Tribute to Michael Jackson. Thankyou dear teachers for making our effort a perfect one.

Tanvi Shah (IV 'A')

A dangerous man, the smooth criminal, man in black or white, the way you make me feel. Who is it in the closet, to heal the world? Will you be there, to jam blood on the dance floor? Bad, you are not alone. Don't stop till you get enough. Remember the time, to rock with you, to beat the thriller in, Billie Jean.

You, man in the mirror, wanted to heal the world, But gone too soon... Dreams die young Dreamers younger

Mr. Satyajit (P.T. Teacher)

Apart from providing an academic education, my school conducts various types of cultural and extra curricular activities. Our Annual Day is one of them. My friend Aditya in his group paid a Tribute to Michael Jackson. After his performance his friends, teachers and specially his parents congratulated him. We all really proud of him and proud to be students of St. Karen's Montessori School.

Aquib Sohail (IV 'C')

My dream was to become Michael Jackson. That had been possible on our Cultural Programme. Michael Jackson was a real super star and I got the golden opportunity to perform like him. I danced on the song 'Beat it'. This day will remain with me in my memories forever.

Apart from providing good academic habits my school conducts various types of cultural and extra curricular activities. Our cultural programme is one of them. I participated in Welcome dance. My parents were glad to see me on the stage.

It is said that "A man who has no imagination has no wings." Creativity enhances the horizon of one's self. This was proved on 19th December : "A RHYTHM OF COLOURS". I took part in this cultural programme. I played the role of a GYPSY. I muttered the Hanuman Chalisa and walked on the stage. The stage seemed immensely long-never ending. I finally reached the stage and began my dialogue. A smile still plays across my like when I reminisce about this event.
